Becoming a Student at CCS

At Circle each family is able to individually address student academic needs while engaging in a supportive and inspiring school-wide community. Enrollment at CCS means your student is registered in an accredited private school. The academic office maintains a record of student grades, curriculum, enrichment choices, and online standardized testing opportunities. High School students will benefit from Circle's full-service Guidance Department including course planning, student and parent workshops, conferences, scholarship recommendations, official transcripts, dual enrollment options, and Florida Bright Futures documentation. These services are universally provided to all students enrolled at Circle.

Student applications may be found at circlechristianschool.org/.
