Our mission is to partner with parents to encourage learning, strengthen families, and inspire legacies for God's glory. As a fully accredited private school, Circle assists Christian families in providing Godly education and academic excellence. Using a university hybrid model, the Fundamentals program offers a wide selection of classes. Students enjoy class days and home days. Teachers guide lessons and assignments, while parents actively direct at-home learning.

We offer:

- Accelerated 30-week academic schedule
- Preparation for high school
- Blended learning through e-Learning campus
- Focus on critical thinking, personal responsibility, and academic growth
- Two campuses in Central Florida

Core Classes: English | History | Science | Math

Elective Classes: STEM Quest | Paper Crafting | Introduction to Culinary Arts

Times/Locations: Classes are 75 minutes, 2 days a week | Classes are located at our Winter Springs and Winter Park campuses

Courses: Purchased a la carte | Students can register for the classes they desire

Classroom teachers: Create active learning environments | Encourage student responsibility and critical thinking | Craft a classroom community in which students are nurtured and encouraged | Employ interesting teaching methods and problem solving techniques | Provide Weekly Assignment Sheets (WAS)

designed to assist students and parents in understanding required schoolwork

Parents: Have access to our online learning campus (eLC) to see grades and comments for assignments and tests | Actively participate in their student's education | Are responsible for monthly reporting per Circle policy

Students: Enjoy a university model approach to academics | Customize their course schedule

This program is great for: Students who thrive in a classroom structure | Students who are preparing for high school | Parents who want to foster blended learning via classroom and at-home education | Parents who want to wholly engage in their child's learning experience without lesson preparation or grading for Circle classes
